1. Thrift Savings Plan (TSP) Contributions Limits

The TSP regular contribution limit for tax year 2016 will remain \$18,000. Employees may contribute Traditional (pre-tax), Roth (after-tax), or a combination of both to reach the regular TSP limit. For Federal agencies paid through the National Finance Center—including all of ARC's HR customers—tax year 2016 spans from December 13, 2015, through December 10, 2016. To distribute \$18,000 over the entire tax year, employees should elect to contribute \$693 per pay period to the TSP. Employees should make this election between November 29 and December 12, 2015, for the change to begin with the new tax year.

Employees who will be age 50 or older during 2016 may also contribute up to an additional \$6,000 as TSP "catch-up" contributions—only if regular TSP contributions for the tax year will total \$18,000. To distribute \$6,000 over the entire tax year, employees should elect to contribute \$231 per pay period. This election should also be made between November 29 and December 12, 2015. Please note that a new "catch-up" election must be made each tax year.

Our Employee Benefits Branch will provide 2016 TSP Contribution Limit notices to our customer HR contacts for distribution to employees in the near future. In the meantime, if you have benefits related questions, contact the Benefits Service Center at 304-480-8275 or Benefits@Fiscal.Treasury.Gov.
