3. Shared Services Meeting

The annual event hosted by Fiscal Accounting was held May 16. The event was titled “Celebrating Our History, Investing in Our Future” as we focused on our twenty years of experience, as well as future endeavors, which have grown the ARC into an exceptional Federal Shared Services Provider. The event was the first ARC Meeting that offered Continuing Professional Education (CPE) credits.

A few of the topics presented were transaction processing enhancements, budget and investments, financial reporting services, audit support, technology upgrades, agency outreach, G-Invoicing, OneStream XF, MAX, SmartPay 3, Oracle Business Intelligence, and the new USAspending.gov website. Looking forward, we hope to continue growing our services by focusing on three things: people, process, and technology. Thank you to all presenters and attendees for another successful event.
