1. Automated Staffing System Migration to USAStaffing

After careful analysis, Treasury and ARC have determined it beneficial to migrate staff acquisition customers from Career Connector to USA Staffing. ARC will be moving all of its staff acquisition customers to OPM's USA Staffing system in CY21. Due to the size and complexity of such a shift, customer implementation will take place in three waves between April and July. The implementation project is scheduled to conclude in January of 2022.
