1. ARC Website - We Want Your Feedback

As you have noticed, last year we launched a redesigned ARC website <https://arc.fiscal.treasury.gov/>. Our goal is to give you the best experience possible. To do that, we need your feedback every step of the way. Next time you visit the website, please take five minutes to complete the Verint/Foresee survey that pops up and tell us what's working, what's not working, and what you'd like to see added. We appreciate your time, and we are listening!

2. Unique Entity Identifier Update

We are on track to implement UEI in Oracle, PRISM, and other subsidiary systems on February 27, 2022 as planned. Our User Acceptance Test window will be open February 7 through February 18, 2022 for Shared and Mint Instances. During implementation our staff will populate the UEI field at the supplier site level for all active suppliers as well as interface the UEI to appear in PRISM. UEI will be used as the supplier number for new suppliers requested by customers starting on February 28, 2022. Existing supplier numbers will not be changed.
