### GENERAL

## FY23 Interagency Agreements Finalized

We would like to extend our appreciation to all our customers for a productive and successful fiscal year. We also thank our customers for working with us to review and sign the FY23 interagency agreements prior to Oct. 1. We look forward to another successful year serving you.

For additional information, contact Michael Satterfield at [Michael.Satterfield@fiscal.treasury.gov](mailto:Michael.Satterfield@fiscal.treasury.gov).

### FINANCIAL MANAGEMENT

## oneARC Portal Purchasing Module is Live

You can now create and manage Financial Management Purchasing (manual obligation) requests in the oneARC Portal. Included in the November release are: Manual Obligations for Commercial, SmartPay (Purchase/Fleet), Grants, Personal Services and Foreign Other. This release also includes associated Delegation of Authority (DOA), request approvals, reporting/dashboarding, Help Center support, and account management.

We're also excited to deliver an entirely new feature within the Purchasing module. Now, customers can confirm that their request was completed properly by ARC. This feature can be used as a robust control mechanism, a data point to identify and target training, and audit documentation of customer review.

We are continuing to develop inside the oneARC Portal to better serve our customers and employees. Many thanks to our customers that continue to participate with feedback and testing. We recently hosted a readout of the Accounts Payable design on Oct. 24. Accounts Payable development continues through the end of the calendar year with a proposed go-live in February 2023.

For questions or to get involved, contact [Anda.Coiner@fiscal.treasury.gov](mailto:Anda.Coiner@fiscal.treasury.gov) or [Jacob.Oberlin@fiscal.treasury.gov](mailto:Jacob.Oberlin@fiscal.treasury.gov).

## Supporting Your G-Invoicing Readiness

Our customers continue to go live with G-Invoicing for new Intragovernmental Buy/Sell orders. Multiple customers have successfully brokered General Terms and Conditions (GT&Cs) and Orders with their federal trading partners.

From videos and crosswalks to FAQs and guides, everything you need to successfully navigate the process is available on the [Log In page](#) (Financial Management > Guidance & Reference > Intra-governmental). We continue to release new items and update existing resources based on customer feedback so be sure to check out the page regularly.

We've received many questions and comments on the use of the 'Unique Entity ID' field in G-Invoicing to identify the Oracle supplier or customer. We recognize this is a big change and we're available to help you identify the correct numbers to use. Contact us at [ARCGINV@fiscal.treasury.gov](mailto:ARCGINV@fiscal.treasury.gov) with any questions or concerns.

We appreciate your continued feedback and your patience as we navigate this enormous change in government-wide accounting together.
